GLOBAL ACCESS PARTNERS

Global Access Partners (GAP) is an independent not-for-profit institute for active policy that initiates strategic debate on the most pressing social, economic and structural issues facing Australia and the world today. It acts as a catalyst for policy implementation and new economic opportunities.

GAP promotes collaborative, multidisciplinary approaches to solving complex issues through the Second Track process. In contrast to other think tanks, it focuses on practical outcomes and the 'how' and 'who' of project delivery.

Our biggest asset is our network of over 4,000 Australian and international members. More than 1,000 people are engaged on various GAP projects at any one time. Over 120 partners have supported GAP's activities since its inception. These include federal and state governments, major corporates, peak industry and community bodies, universities and research institutes.

GAP runs national and international conferences, multidisciplinary taskforces and executive roundtables, coordinates community and stakeholder research projects and feasibility studies, and oversees pilot projects to trial new business ideas.

Established in 1997, GAP is a member of TCG Group – a diverse and growing network of Australian-owned companies founded in 1971.
